## B

### **babe** /beɪb/ *noun*

A slang term for an attractive young woman.

*Babe* meaning 'a pretty girl' is recorded (especially in US English as a term of address) from 1915, but has been repopularized in the nineties, especially through the 'Wayne's World' sketches and films (see NOT), with an extra emphasis on the element of sexual desirability. (In the film *Barb Wire*, the heroine, played by Pamela Lee Anderson, habitually demands, 'Don't call me babe!') Some uses of *babe* applied to an attractive man are recorded, but in the main a *babe* is assumed to be female, and may be described by the adjective **babelicious**.

He has gray hair, is on the short side and is not what I would refer to as a babe.

—*Sassy* Aug. 1991, p. 110

Wayne and Garth yearn for 'babes—in the land of Babe-a-lonia, where Julia Roberts is babelicious'. 'A babe with major lippage', says Wayne.

—*Premiere* Mar. 1992, p. 19

Sean said, 'You look good, Mom. A little modern, but good. David thinks you're a babe'.

—*Harper's Magazine* June 1992, p. 62

Women are classified by male colleagues on the basis of attractiveness, availability, age, clothes and make-up, as 'babes', 'one of the boys', a 'bit of a mum', a 'lesbian', or a 'dragon', and are treated accordingly, regardless of their job status.

—*Independent* 21 Dec. 1995, p. 1

**baby buster**   see GENERATION X

# The Oxford Dictionary of New Words

■ **twigloo** ['twiglu:] *noun*

■ A form of temporary shelter made of branches and used especially by environmental protesters.

Firstly appeared in 1995 in reports of controversy surrounding the construction of Newbury bypass in Hampshire.

■ She lives in a tree house, known as a 'twigloo' at Slyward Camp.  
- Daily Telegraph. 27 Dec.1995.
